

ESCAPE
YPO 2019

I INVITE YOU

TO ESCAPE & LEARN

ESCAPE ... If you were being held captive by someone gripping the coat or cloak you were wearing, you might be able to get away by slipping out of it. This is the idea on which the word escape is based. Escape is made up of the Latin prefix ex-, which means “out of,” and the Latin word cappa, which means “head covering” or “cloak.” – Merriam-Webster

Even in it's very definition the word escape seems to have a negative connotation. This year we are flipping that on its head as we invite you to escape in very positive, meaningful, and unique ways. We have curated a year that will be interesting and fun for our entire membership. Education topics and events are deliberately eclectic in an effort to refresh and stimulate our membership engagement. In addition to the education events, we have added two Spouse/Partner Only Events, one YPO Gold Only Event, and reinstated the Holiday Party with a theme that everyone can enjoy!

Mark your calendars! Join us! Slip out of the cloak that holds you and Welcome to your Year of Escape!

**BEST,
JOE CARLONE
